

Itineraries

Day 1: NAIROBI - AMBOSELI

Upon arrival at the airport, you will be met by our representative for a scenic drive to Amboseli National Park, one of Kenya's most iconic safari destinations. Famed for its large elephant herds and unparalleled views of Mount Kilimanjaro, Amboseli offers an unforgettable introduction to African wildlife and landscapes. The park boasts five distinct wildlife habitats: the dry bed of Lake Amboseli, open savannah plains, the yellow-barked acacia woodlands, rocky lava-strewn thornbush country, and lush swamps and marshes. These diverse ecosystems support a rich array of wildlife including lions, cheetahs, warthogs, wildebeest, and numerous bird species. Afternoon game drive dinner and overnight at the camp.

Day 2: AMBOSELI

After breakfast depart with picnic lunch for a full day game drive return to camp and enjoy sundowner sipping coffee by the pool-side. Dinner and overnight at the camp.
